**Let someone
help you for
a change**

Your am care team:

Tracey Wilks
Leeanne Andrews
Debbie Smith

E: amcare@am-insurance.com

We understand that in the social welfare sector it has been somewhat difficult to find competitive insurance quotations in previous years.

This is where we can help you...

We have access to numerous insurance companies; and are confident we can save you money without compromising the level of cover or service you receive.

We are a family run broker for three generations, and believe firmly in running our business built around personal service, extensive product knowledge and most importantly developing a relationship of trust with our clients.

With our size, experience and understanding of the social welfare market, we can obtain for you competitive premiums, whilst providing you with excellent service and the insurance cover to suit your business requirements.

We have a dedicated team to handle and deal with social welfare insurance enabling you to develop that relationship of trust by speaking to the same person time and time again.
